THE REAL MATH

# Glasses are a subscription. *Vision correction is a smart investment.*

Every year you spend on glasses and contacts is money you never get back. LASIK is a smart investment — and for most patients, it pays for itself in under three years.

TRADITIONAL VISION CARE

Glasses & Contacts

\$5k–\$15k

Spent over 10 years — and that number keeps climbing. Add in yearly eye exams, daily contact lens routines, and lost hours searching for glasses. The cost in money *and time* never stops.

RECURRING · EVERY YEAR · FOREVER

VISION CORRECTION AT BDP

LASIK & Advanced Procedures

\$207/mo\*

Approximately \$7/day

A single investment that reduces or eliminates the ongoing cost of glasses and contacts. Most patients break even in under 3 years — then save thousands more for the rest of their lives.

ONE INVESTMENT · LONG-LASTING RESULTS

< 3 yrs

Average break-even point for most patients

WHY ARIZONA TRUSTS BDP

Ranking Arizona's #1 eye care center 14 years running.

For more than 35 years, Barnet Dulaney Perkins has been the eye care provider Arizona families turn to first — voted #1 by Ranking Arizona every year from 2013 to 2026. Our team includes nationally recognized specialists in LASIK, cataract, cornea, retina, glaucoma, and oculoplastics — using the most advanced technology available.

# Get LASIK Today. *Don't Pay Until Next Month.*

We offer multiple financing options so you can choose what works best for you — including CareCredit and Alphaeon Credit, with \$0-down approvals and low monthly payments.

## \$0 Down to Get Started

100% financing available with no down payment on approved credit through our partner lenders.

## No Money Out of Pocket

Get the procedure you need today without draining your savings or paying anything upfront.

## Low Monthly Payments

Apply in minutes. Most patients are approved the same day with flexible monthly terms.

### CareCredit

Same-Day Approval · Special Financing

### Alphaeon Credit

Flexible Terms · Low Monthly Payments

PROCEDURES STARTING AS LOW AS

**\$207** /mo\*

Approximately \$7/day

Subject to credit approval via our financing partners.

Actual payments vary by procedure and approved term.

Apply in minutes.  
Decisions in seconds.

CareCredit and Alphaeon are patient-first financing programs designed specifically for healthcare. Most applicants receive a decision immediately — with terms built to fit your budget, not strain it.

#### HSA & FSA ELIGIBLE

LASIK qualifies as a medical expense. Use pre-tax dollars you've already set aside to significantly reduce your out-of-pocket cost.

#### YEAR-END FSA DEADLINE

FSA balances expire at year-end — use it or lose it. Scheduling before December means your procedure is paid with dollars you'd otherwise forfeit.

#### VSP VISION CARE

VSP Vision Care may enable savings towards your procedure. Stack VSP benefits with HSA/FSA and financing to maximize savings on every dollar.

NO HIDDEN FEES

# Your quote covers everything — *from first evaluation to final follow-up.*

At Barnet Dulaney Perkins, what you're quoted is what you pay. Every visit, every follow-up, every part of your care is included — no invoices waiting for you after the procedure.

## ✓ Pre-Op Consultation & Diagnostics

Full candidacy evaluation and comprehensive eye exam included before you commit to anything. No fees before you've even decided.

## ✓ The Procedure Itself

Performed by one of BDP's fellowship-trained refractive surgeons. You meet your surgeon at consultation, and the same surgeon performs your procedure.

## ✓ All Post-Op Follow-Up Visits

Every scheduled follow-up after surgery is included in your quote. No surprise invoices arriving weeks after your procedure is done.

## ✓ Advanced Bladeless Technology

Your treatment includes the use of our most advanced laser platforms and wavefront-guided technology — at no additional cost.

## Ready to See What It Costs *for You?*

Every patient is different. Your free consultation — about an hour — includes full diagnostics and a personalized quote. No pressure, no commitment.
